Some of the projects undertaken by Aura through the NEPO Framework

Ashington Learning Partnership - Ashington High School

Teesside University - Library Refurbishment

Durham County Council - Netpark

Newcastle City Council - Laboratory

Northumberland College - STEM Facility

Stockton Borough Council - Northshore Hotel

"Aura has supported Northumberland College on their most recent development of the STEM Facility through the NEPO Framework. We found the NEPO Framework to be very accessible and a quick and easy procurement method. Aura were accommodating and approachable which coincided with our needs. Aura were able to utilise the services of Summers Inman to work on the STEM facility. The facility was delivered on time and in line with our brief. We very much look forward to using the NEPO framework and working with Aura in the future".

Graeme Popay, Estates Director, Northumberland College.
