Aura was appointed by Stockton Borough Council via the NEPO Framework to deliver a multi-disciplinary team for the development of Northshore Hotel (Now known as Hampton by Hilton).

The 128 bed, seven storey Hampton by Hilton hotel is situated on a prominent site in Stockton on Tees, overlooking the riverside. The project represents the next phase of development in the Northshore masterplan and will be a significant boost to the local economy.

Construction works commenced in November 2017 and handed over February 2019.

The hotel combines easy access to transport links and the local business community, as well as the stunning North Yorkshire Moors, catering for both corporate and leisure visitors.
