

**Client - Newcastle City Council**

**Sector - Property Management**

Aura were appointed by Newcastle City Council to deliver property management services for The Biosphere from November 2018.

The Biosphere building is a living laboratory containment level 2 space where solutions can be tested, demonstrated and commercialised; creating a lasting legacy of science, innovation and economic growth for the North East.

The Biosphere is owned by a long-term partnership between Newcastle University and Newcastle City Council.

Aura provides a fully comprehensive provision to ensure a fully functioning service is adhered to. Services include;

- Lease Management,
- Financial Management,
- Events Management,
- Tenant Management,
- Adhering to occupancy levels,
- Tenant Liaison,
- Day to day running of the facility,
- Administration Services,
- Contract Management of the FM delivery.

Should you be interested in utilising office or containment level 2 laboratory space within The Biosphere, please contact;
